It is not required that pups be given formal names as the names are merely temporary until the new owners provide official permanent names of their own. If not naming the pups, generic names such as Pup #1, Pup #2, etc. will be given. If you do wish to name them, this is also fine and can be done in the box provided below.

Each pup will be provided its own individual temporary registration certificate that will include a transfer form on the back for the new owner to transfer their pup in their own names. Once completed, a new set of personalized materials will be completed and sent to the new owner that will include their own personal information. Litter registration is temporary; it is still required to complete the transfer process if a breeder wishes to keep a pup(s).

Providing us with the most advanced genealogy information is important when such information is available. This allows us to develop the most advanced pedigree information possible for new owners. **COMPLETE AND LEGIBLE** photocopies can be mailed with this form or emailed to us at: [admin@AmericanBullyAssociation.com](mailto:admin@AmericanBullyAssociation.com)
